## COMPANY PROFILE

Established in 2012, **SATIATE RESEARCH & ANATECH PVT. LTD., (SRA)** is a professional services company providing complete **Analytical and Training** solutions. **SATIATE** is the fastest growing Govt. Approved independent analytical laboratory, serving the best in business among Pharmaceutical, Food, Cosmetic, Herbal products and Industrial chemical. **SATIATE's** strength lies in its highly qualified professionals, technicians and well equipped Instrumental, Chemical & Microbiological testing divisions with state-of-art equipments. Our research and development capabilities facilitate us to bring novel and innovative methodologies to meet new industrial challenges, client's needs and specifications. The Company has been promoted by some highly experienced professionals dedicated to provide total testing solutions under one roof. It possesses not only the latest technology gadgets but also the most knowledgeable and experienced hands to offer most customized solutions. We offer a vast array of services while maintaining high quality standards and efficient timelines. Our integrated and thoroughly scientific approach ensures cost effective solution with lower turn-around time. We are a very well established company, with a state-of-the-art development center, which is constantly developed & updated with the latest technology that also provides high quality services. For a full understanding of our services, we encourage you to visit our laboratory. Our technical staff will be glad to give you a personal tour and discuss your testing requirements. Experience for yourself how our services can give you the winning edge in this highly competitive and Dynamic global market.

### Vision

Our vision is to continuously strive to achieve highest standards of quality analytical services in the concurrence with client's expectations on a professionally cost effective manner.

### Mission

Our mission is to provide a competitive advantage for our clients. We are dedicated to provide personalized services in most rapid turnaround time in the industry using innovative information management systems and accurate testing technology.

### Values

Integrity of Services through Honesty, Responsibility and Uncompromising Devotion of Quality.

## SERVICES WHAT WE OFFER:

### PHARMACEUTICAL ANALYSIS

#### PHARMACEUTICAL ANALYSIS

- Tests for Drugs
- Tests for Vitamins
- Tests for Antibiotics
- Tests for Endotoxins
- Tests for Disinfectants
- Tests for Surgical Dressing
- Tests for Drugs requiring Instrumental Analysis
- Tests for Drugs requiring Chemical Analysis
- Tests for Drugs requiring Microbiological testing

- We provide complete range of testing for Raw Materials *viz.* Identification, Related substances, Assay, Impurities, *etc.*, as per relevant Pharmacopoeia.
- Similarly Finished products/Formulations which include Tablets, Capsules, Cosmetics, Syrups, Injectable, Veterinary drugs, *etc.*, are tested for its conformance.
- Analytical Method development and validation as per ICH Guidelines

### COSMETICS ANALYSIS

- Characterization of products by chromatographic profiles, Identification of solvents, Alcohol content, pH, acidity, alkalinity *etc.*
- Verification of active ingredient proportion as per manufacturer specification
- Determination of restricted ingredients in formulation, Microbiological Analysis
- Fragrance, colorants, Preservatives, Perfumes and flavor Determination

#### COSMETIC ANALYSIS

- Soap & Detergent
- Skin Powder
- Shaving Cream
- Skin Cream
- Henna Powder
- Hair Oil
- Shampoo
- Hair Dyes Powder
- Nail Polish
- Lipsticks

**Food & Food Products** Chemical and Microbiological testing of Honey, Ghee, Ice cream, Biscuits & Confectionery, Milk & Milk products, cooked food, Beverages, Alcoholic drinks, Food supplements, canned foods, Spices and Condiments, Pulses and Cereals, Edible oils, Food colours and additives, Fatty acid profile *etc.*, are tested as per PFA, IS and Agmark standards.

**Pesticides, Fertilizers & Fine Chemicals** Pesticides & Insecticides, raw materials and formulations, Laboratory chemicals, solvents, Intermediates, Perfumery Chemicals & Fixed oils, Soaps & Detergents, *etc.*, **Agricultural and Agricultural Products** Pesticide residues, Antibiotic residues, Vitamins, Trace minerals, Amino acids, Isoflavonoids and Capsaicin content in crops, fruits & vegetables using highly sophisticated instruments.

## WATER ANALYSIS

- Physical Characteristics
- Chemical Characteristics
- Bacteria
- Metal
- Pesticide Residue Analysis
- Special Tests

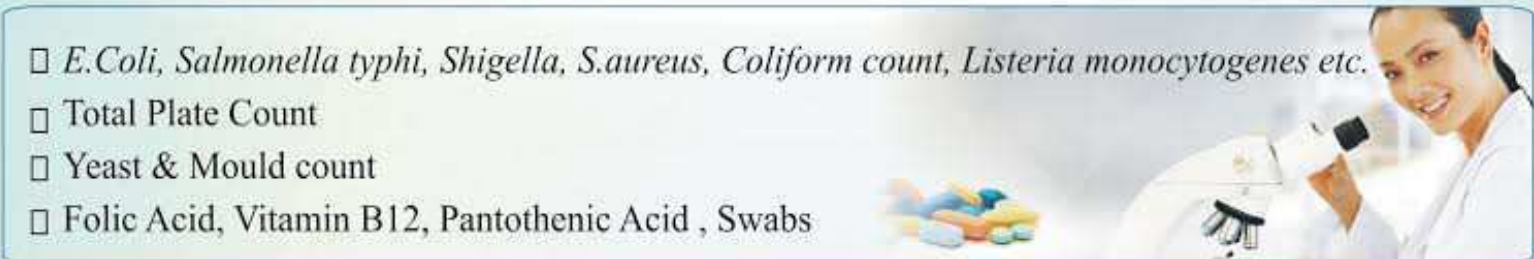

## HERBAL PRODUCTS ANALYSIS

- Alkaloids and Tannins
- Phytoconstituents and Their Analysis
- Limit Tests & Heavy Metals
- Pesticide Residues Analysis
- Microbiological Analysis
- Development of Standardization Parameters

- Testing of Raw Materials & Crude Drugs, as per API and all types of Finished products like Arishta, Bhasma, Churna, Lehya, Lepa, Thaila *etc.*, as per Pharmacopoeial standards for Ayurvedic Preparations.
- Limit Tests, Heavy metals and Pesticide Residues in Ayurvedic Formulations.
- Microbiological analysis and identification of pathogens
- Verification of ingredient, Identification and proportion as per manufacturer specification

## MICROBIOLOGICAL TESTING

- E.Coli, Salmonella typhi, Shigella, S.aureus, Coliform count, Listeria monocytogenes etc.*
- Total Plate Count
- Yeast & Mould count
- Folic Acid, Vitamin B12, Pantothenic Acid , Swabs

Analysis of Yeast and Mould, Bacteria (*legionella, E. coli, Salmonella typhi, S. Aureus, listeria monocytogenes...etc*), mycotoxins, endotoxins, allergens, pollen and particulates in Pharmaceutical, Water, Food, Cosmetic, Herbal and Consumer products.

## WHY CHOOSE US

Our laboratory is staffed by skilled scientists who are dedicated to provide continuous value for SATIATE clients and their customers. Enroute to generate reliable test data and results, we take a personal interest in providing a testing experience that meets our client's needs and exceeds their expectations.

*Customer First* is an operating philosophy reflected in every aspect of the way SATIATE conducts business. SATIATE executives take pride in developing relationships with customers based on the trust that comes with open communication and the commitment required to deliver long term value.

**We deliver the best in class  
solutions & service to our customers**
